

## UNIT 7: Pie charts – Noticing & Analyzing

### II. WHILE-WRITING

**Task 1: Work in pairs. Discuss and match the percentage (1-6) with the description (a-f).**

Percentage	Description
1. 20%	A. A little under half
2. 77%	B. A fifth
3. 92%	C. Just less than a third
4. 31%	D. About three quarters
5. 24%	E. Approximately 9 out of 10
6. 48%	F. Almost a quarter

(Archer, G., & Wijayatilake, C. (2018). *Mindset for IELTS Level 3*. Cambridge University Press.)

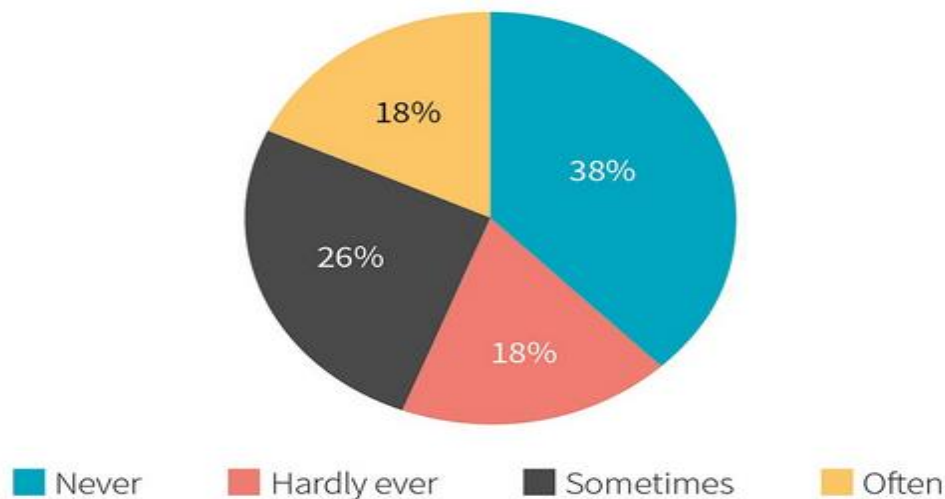

**Task 2: Write the percentage for these following fractions.**

Fractions	Percentage
1. Four fifths	
2. Two thirds	
3. A tenth	
4. Two fifths	
5. A quarter	

(Archer, G., & Wijayatilake, C. (2018). *Mindset for IELTS Level 3*. Cambridge University Press.)

**Task 3: Analyze the following pie chart. Read the statements and decide whether they are correct (C) or not correct (NC). If the statement is not correct, rewrite it.**

**The pie chart shows the frequency of American adults watching news on TV in 1986.**

(Archer, G., & Wijayatilake, C. (2018). *Mindset for IELTS Level 3*. Cambridge University Press.)

1. Approximately a quarter of American adults said that they hardly ever watched news on TV.

**C / NC**

2. Just slightly over a quarter of adults in the U. S. responded that they sometimes followed news on TV. **C / NC**

3. Almost all American news readers claimed that they often accessed the news on TV. **C / NC**

4. Roughly over a third of American respondents reported that they never read news on television. **C / NC**
